January 29, 2010

Dear Shareholder,

You are cordially invited to attend the Annual General Meeting of Shareholders (the "Meeting") of ASA Limited (the "Company") to be held on March 11, 2010. At the Meeting, the Company's Board of Directors is recommending that shareholders approve a proposal for the Company, either through a new wholly-owned subsidiary or directly, to provide investment advisory services to others. In connection with this proposal, shareholders will be asked to approve an amendment to the Company's Memorandum of Association to permit the Company to provide investment advisory services as well as an amendment to one of the Company's fundamental investment policies to permit the Company to acquire the securities issued by an investment advisory subsidiary. At the Meeting, you will also be asked to consider the election of directors and the ratification and approval of the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending November 30, 2010. During the Meeting, management will present the Company's audited financial statements for the fiscal year ended November 30, 2009.

The Board of Directors has considered each proposal to be considered at the Meeting and unanimously recommends that you vote FOR each proposal. Further details of the business to be transacted at the Meeting can be found in the accompanying Notice of Annual General Meeting of Shareholders and Proxy Statement. We invite you to attend the Meeting in person. Your vote is important. Whether or not you are able to attend, it is important that your shares be represented at the Meeting. Accordingly, we ask that you please sign, date and return the enclosed proxy card at your earliest convenience. As an alternative to using the proxy card to vote, you may submit your proxy by telephone or through the Internet. Please follow the instructions on the enclosed proxy card.

On behalf of the Board of Directors and management of the Company, I extend our appreciation for your continued support.

Sincerely yours,

Julian Reid
Chairman of the Board

QUESTIONS AND ANSWERS ABOUT THE PROPOSALS FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS

While we strongly encourage you to read the full text of the enclosed Proxy Statement, we also are providing the following brief overview of the proposals in the accompanying Proxy Statement in “Question and Answer” format, to help you understand and vote on these proposals. Your vote is important. Please vote.

Question: Why are you sending me this information?

Answer: You are receiving these materials because on January 22, 2010 you owned shares of ASA Limited (the “Company”) and, as a result, have a right to vote on proposals relating to the Company at the Annual General Meeting of Shareholders (the “Meeting”) to be held on March 11, 2010.

Question: What proposals will be acted upon at the Meeting?

Answer: At the Meeting, you will be asked: (1) to elect the Company’s Board of Directors; (2) to ratify and approve the appointment of Ernst & Young LLP, an independent registered public accounting firm, as the Company’s independent auditors for the fiscal year ending November 30, 2010, and to authorize the Audit and Ethics Committee of the Board of Directors to set the independent auditors’ remuneration; (3) to approve a proposal for the Company, either through a new wholly-owned subsidiary or directly, to provide investment advisory services to others; (4) to amend the Company’s Memorandum of Association to permit the Company to provide investment advisory services; and (5) to amend one of the Company’s fundamental investment policies to permit the Company to acquire the securities issued by an investment advisory subsidiary.

Question: Why is the Company proposing to provide investment advisory services to others?

Answer: As shareholders may recall, the Company initiated a tender offer program in 2008 to address concerns regarding the discount to net asset value at which the Company’s Common Shares were trading. As a result of the tender offer program, the Company’s net assets have declined very significantly in spite of a strong bull market in gold related investments and the Company’s good investment results during the past year. Following a strategic review, the Board believes it would be in the best interests of the Company’s shareholders to broaden the asset base managed by the Company. During the last few years, numerous pooled investment products oriented to the broad global resources sector, including the precious minerals sector, have been launched, which indicates significant investor interest in this sector. The Board believes it may be possible for the Company to develop new products in the precious minerals sector that it could manage in a bottom up, fundamental investment style similar to that of the Company. There also may be products developed by others and other accounts that would be suitable for the Company to manage. The Board believes that broadening the asset base managed by the Company would be in the best interests of the Company’s shareholders because:

- it would allow the Company to use its investment personnel and facilities to seek to increase the Company’s gross revenues and income, thereby enhancing returns for long-term investors;
- it would enhance the Company’s ability to retain and attract other highly qualified investment staff;
- expanding the Company’s small investment staff would
 - reduce key man risk
 - provide a greater depth of investment management expertise, thereby enhancing the Company’s capability to pursue a larger number and variety of global investment opportunities in the precious minerals sector;
- it would mitigate the potential adverse effects on the Company resulting from future decreases in the Company’s net assets due to

- actions (for example, tender offers) taken by the Company to address concerns regarding the discount to net asset value at which the Company's Common Shares trade
- a bear market for investments in the precious minerals sector.

The Company would not pursue new investment management opportunities that would compete with the Company. The Company proposes to implement this strategy by organizing a wholly-owned investment advisory subsidiary (the "Advisory Subsidiary"). The Company's success in broadening the assets under management would depend, in part, on favorable stock market conditions in the precious minerals sector.

Question: Does the Company need to obtain any regulatory relief to create an Advisory Subsidiary?

Answer: The Company intends to seek no-action relief from the staff (the "Staff") of the Division of Investment Management, a division of the U.S. Securities and Exchange Commission (the "Commission"), to permit the Company to organize an Advisory Subsidiary. If the Staff does not grant the requested relief, the Company may apply to the Commission for exemptive relief to organize such a subsidiary. The Company may also determine to directly provide investment advisory services to others, which requires no relief from the Staff or the Commission. Shareholders are therefore being asked to approve a proposal for the Company, either through an Advisory Subsidiary or directly, to provide investment advisory services to others.

Question: How will the proposed investment advisory business operate?

Answer: If the Company organizes an Advisory Subsidiary to provide investment advisory services:

- It is expected that the Company will capitalize the Advisory Subsidiary with an amount of money and assets reasonably necessary to cover the Advisory Subsidiary's organizational expenses and the Advisory Subsidiary will utilize certain employees and facilities of the Company to provide advisory services to clients that may include registered investment companies, U.S. and non-U.S. unregistered investment companies, and non-investment company clients, such as institutional investors and separate account clients.
- It is expected that, initially, all of the officers and employees of the Company will hold similar positions as officers and employees of the Advisory Subsidiary. Certain members of the Board will become members of the Board of Directors of the Advisory Subsidiary.
- Net fee income, if any, generated by the Advisory Subsidiary will be periodically distributed as dividends to the Company.

If the Company provides investment advisory services directly:

- It is expected that the Company will utilize certain of its employees and facilities to provide advisory services to the same types of clients that the Advisory Subsidiary would advise.
- The day-to-day administration of the Company's investment advisory services to others would be the responsibility of the Company's management, subject to the oversight of the Board.
- Fee income, if any, generated by the Company would flow directly to the Company.

Regardless of whether an Advisory Subsidiary or the Company provides investment advisory services to others, the Advisory Subsidiary and/or the Company will institute procedures to ensure that the purchase and sale of securities for the Company's investment portfolio and for each client account managed by the Advisory Subsidiary or the Company are conducted in a manner designed to treat all accounts fairly.

Question: Why am I being asked to amend the Company's Memorandum of Association?

Answer: Currently, the Company's Memorandum of Association does not include as objects of the Company "developing, operating, advising or acting as technical consultants to any other enterprise or business." This exclusion could be interpreted to prevent the Company from developing an Advisory Subsidiary or providing investment advisory services to others. Accordingly, the Board has adopted a resolution to amend the Company's Memorandum of Association to include as objects of the Company acting as an investment adviser either directly or through an Advisory Subsidiary.

Question: Why am I being asked to amend the Company's fundamental investment policies with respect to acquisition of securities issued by investment advisers?

Answer: Currently, one of the Company's fundamental investment policies prohibits it from acquiring any securities issued by investment advisers. In order for the Company to form an Advisory Subsidiary to provide investment advisory services to others, it will be necessary to amend this policy.

Question: What other proposals will be acted upon at the Meeting?

Answer: In addition to the proposals discussed above, you will be asked to re-elect the five current directors on the Board and to elect a new director. The new nominee, if elected, would be a non-interested director ("Independent Director"), as defined in the Investment Company Act of 1940, which is one of the federal securities laws governing the Company. If all nominees are elected by shareholders, the size of the Board will increase to six directors, five of whom would be Independent Directors. You will also be asked to ratify and approve the appointment of Ernst & Young LLP, an independent registered public accounting firm, as the Company's independent auditors for the fiscal year ending November 30, 2010, and to authorize the Audit and Ethics Committee of the Board of Directors to set the independent auditors' remuneration.

Question: How does the Board recommend that I vote?

Answer: After careful consideration, the Board recommends a vote FOR each of the proposals to be acted upon at the Meeting. Each of these proposals is discussed in the accompanying Proxy Statement.

Question: How do I vote my shares?

Answer: Please indicate your voting instructions on the enclosed proxy card, sign and date the card, and return the card by mail in the postage-paid envelope provided. As an alternative to voting the proxy card by mail, you may vote by telephone, through the Internet or in person. To vote by telephone, please call the toll-free number listed on the proxy card. If you hold your shares in street name and you wish to vote in person at the Meeting, you must request your nominee to provide you with a legal proxy in order to vote your shares at the Meeting.

Because your vote is important to us, you may receive a call from the Company or The Altman Group, the Company's proxy solicitor, reminding you to vote.

SHARE OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

As of the Record Date, the Company is not aware of any person or “group” (as that term is used in Section 13(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), owning beneficially more than 5% of the Company’s outstanding Common Shares, except as follows:

<u>Name and Address of Beneficial Owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percentage of Outstanding Shares</u>
Lazard Asset Management LLC 30 Rockefeller Plaza New York, NY 10112	1,221,279 ⁽¹⁾	18.8% ⁽¹⁾
WS Management, LLP 225 Water Street, Suite 1987 Jacksonville, FL 32202	348,400 ⁽²⁾	5.4%

⁽¹⁾ The number of shares shown is based solely on the Form 13F filed by Lazard Asset Management LLC on November 9, 2009, reflecting information as of September 30, 2009, according to which Lazard Asset Management LLC has sole voting and investment power over those shares. The percentage of outstanding shares shown is based on the current number of the Company's outstanding Common Shares. The number of shares shown as a percentage of the Company's Common Shares outstanding on September 30, 2009 was 17%. According to a source at Lazard Asset Management LLC, 276,794 shares were sold pursuant to the Company's tender offer that expired on October 2, 2009.

⁽²⁾ The above information is based solely on information as of December 31, 2009 provided by a source at WS Management, LLP. The Company believes that WS Management, LLP has sole voting and investment power over the shares shown opposite its name.

On September 1, 2009, the Company commenced a tender offer to purchase up to 720,000 of its Common Shares, representing 10% of its issued and outstanding shares. Because the number of shares tendered exceeded 720,000 shares, the Company purchased shares duly tendered on a pro rata basis in accordance with the number of shares duly tendered by each shareholder. The Company paid \$76.11 per share, the amount equal to 98% of \$77.66, the net asset value per share as determined by the Company at the close of regular trading on the New York Stock Exchange on October 2, 2009, the expiration date of the tender offer. To the best of the Company's knowledge, at the time of the tender offer Lazard Asset Management LLC ("Lazard") beneficially owned more than 5% of the Company's outstanding Common Shares. Based on information from a source at Lazard, Lazard sold 276,794 Common Shares in connection with the tender offer and received proceeds of approximately \$21,066,790. Mr. Andrew Pegge, a director of the Company, is a Director and Chief Executive Officer of Laxey Partners Limited ("Laxey Partners"). Laxey Partners as the manager or adviser of certain entities controlled by it sold 13,547 Common Shares in connection with the tender offer and received proceeds of approximately \$1,031,000.

QUORUM AND REQUIRED VOTING

One-third (1/3) of the Company's outstanding Common Shares present in person or by proxy and entitled to vote constitutes a quorum at the Meeting. If, within five minutes from the time scheduled for the Meeting, a quorum of shareholders is not present, the Meeting shall stand adjourned until such other day, time and place as the chairman of the Meeting may determine.

Assuming that a quorum is present at the Meeting, approval of each Proposal to be acted upon at the Meeting, except Proposal 5 below, requires the affirmative vote of a majority of the votes cast at the Meeting, whether in person or by proxy.

Assuming that a quorum is present at the Meeting, approval of Proposal 5 below requires the affirmative vote of holders of a majority of the Company's outstanding Common Shares, which under the Investment Company Act of 1940, as amended (the "1940 Act"), means the vote of: (1) more than 50% of the outstanding Common Shares of the Company; or (2) 67% or more of the Common Shares of the Company present at the Meeting, if the holders of more than 50% of the outstanding Common Shares are present or represented by proxy at the Meeting, whichever is less.

Abstentions and "broker non-votes" (*i.e.*, shares held by brokers, banks or other nominees as to which (i) instructions have not been received from the beneficial owner or persons entitled to vote and (ii) the broker, bank or nominee does not have discretionary voting power on a particular matter) will be counted for purposes of determining whether a quorum is present, but will be disregarded in determining the "votes cast" on a proposal. Therefore, abstentions and "broker non-votes" will have no effect on the vote with respect to Proposals 1, 2, 3 and 4 below but will have the effect of a vote against Proposal 5.

PROPOSAL 1: TO ELECT THE COMPANY'S BOARD OF DIRECTORS

At its December 8, 2009 meeting, the Board, upon the recommendation of the Nominating Committee, nominated the individuals listed below for election as directors, each to hold office as directors of the Company until the next Annual General Meeting of Shareholders. Five of the nominees (David J. Christensen, Phillip Goldstein, Andrew Pegge, Robert A. Pilkington and Julian Reid) currently serve as directors of the Company. At the meeting, the Board determined to increase the size of the Board to six directors effective the date of the Meeting and, upon the recommendation of the Nominating Committee, nominated Mr. Michael L. Mead, who has extensive investment management experience, for election as a director. Mr. Mead was recommended to the Nominating Committee by a shareholder of the Company. Each director receives an annual retainer fee of \$20,000 for his services as a director, except the Chairman of the Board, who receives an additional annual fee of \$5,000. Each director receives a fee of \$4,000 for attendance at each in-person directors meeting and \$1,000 for attendance at each telephonic directors meeting. The Chairman of the Audit and Ethics Committee receives an annual fee of \$2,000 for acting in that capacity and the Chairmen of the Compensation and Nominating Committees each receive an annual fee of \$500 for acting in those capacities. A director may receive additional fees for providing additional services as a director at the request of the Board. A director whose first election to the Board was prior to January 1, 2008 qualifies to receive retirement benefits if he has served the Company or its predecessor, ASA South Africa, for at least twelve years prior to retirement. The annual retirement benefit is equal to 75% of the annual retainer fee paid to active directors, as it may be increased from time to time. A director retiring after attaining the age of 70 is entitled to such retirement benefit for life; a director retiring before attaining such age is entitled to such retirement benefit for the lesser of life or the number of years he served as a director.

The responsibilities of the Audit and Ethics Committee include overseeing (i) the Company's accounting and financial reporting policies and practices, (ii) the Company's internal controls and procedures, (iii) the integrity, quality and objectivity of the Company's financial statements and the audit thereof, and (iv) the Company's compliance with legal and regulatory requirements. The Audit and Ethics Committee is directly responsible for the selection, compensation, oversight and, when appropriate, termination of the Company's independent auditors (subject to applicable ratification by a majority of the Independent Directors and by the shareholders). Attached as Appendix A is a copy of the Company's Audit and Ethics Committee Report with respect to the Company's audited financial statements for the fiscal year ended November 30, 2009.

Compensation Committee

The current members of the Compensation Committee are Messrs. Goldstein (Chairman), Pegge, Pilkington and Reid, each of whom is an Independent Director. The primary function of the Compensation Committee is to make recommendations to the Board regarding the compensation of the directors and officers of the Company.

Nominating Committee

The current members of the Nominating Committee are Messrs. Pilkington (Chairman), Goldstein, Pegge and Reid, each of whom is an Independent Director. The Nominating Committee is responsible for identifying qualified candidates for the Board and the committees of the Board. The Nominating Committee acts pursuant to a written charter, a current copy of which is available on the Company's website at www.asaltd.com. The responsibilities of the Nominating Committee include (i) considering and evaluating the structure, composition and membership of the Board and each of its committees, (ii) evaluating and recommending the persons to be nominated by the Board for election as directors at the next Annual General Meeting of Shareholders and to fill vacancies on the Board as necessary, and (iii) evaluating and recommending directors to serve as members of the committees of the Board.

INFORMATION REGARDING THE COMPANY'S PROCESS FOR NOMINATING DIRECTOR CANDIDATES

The Nominating Committee will recommend to the Board candidates for new or vacant Board positions based on its evaluation of which potential candidates are most qualified to serve and protect the interests of the Company's shareholders and to promote the effective operations of the Board. In considering director candidates, the Nominating Committee may take into account a variety of factors, including whether the candidates (i) are of the highest character and integrity; (ii) have distinguished records in their primary careers; (iii) have substantial experience and breadth of knowledge which is of relevance to the Company, particularly relating to gold and other precious minerals, finance, securities law, the workings of the securities markets, or investment management; (iv) have sufficient time available to devote to the affairs of the Company in order to fulfill their duties and responsibilities, including service on Board committees; (v) are committed to working collaboratively with other members of the Board in promoting the best long-term interests of shareholders; (vi) qualify as Independent Directors; and (vii) are free of any conflicts of interest that would interfere with the proper performance of their duties as directors. Different substantive areas may assume greater or lesser significance at particular times, in light of the Board's present composition and the Nominating Committee's (or the Board's) perceptions about future issues and needs.

The Committee considers candidates from any source deemed appropriate by the Committee, including: (a) the Company's current directors, (b) the Company's officers, and (c) the Company's shareholders. The Committee will not consider self-nominated candidates. The Committee may, but is not required to, retain a third party search firm to identify potential candidates.

The Nominating Committee will consider nominees recommended by shareholders on the basis of the same criteria used to consider and evaluate candidates recommended by other sources. Shareholders may send resumes of recommended persons to the Chairman – Nominating Committee of ASA Limited, c/o LGN Group, LLC, P.O. Box 269, Florham Park, NJ 07932. The shareholder recommendation must be received at the above address no later than October 5, 2010. The shareholder recommendation must be accompanied by all information relating to such candidate that is required to be disclosed in solicitations of proxies for the election of directors. In addition, the shareholder recommendation must be accompanied by the written consent of the candidate to stand for election if nominated by the Board and to serve if elected by the shareholders.

During the fiscal year ended November 30, 2009, there were eight meetings of the Board, three meetings of the Audit and Ethics Committee, two meetings of the Compensation Committee, and no meetings of the Nominating Committee. Each director attended 75% or more of the meetings of the Board and the committees on which he served.

Although the Company does not have a policy on director attendance at the Annual General Meetings of Shareholders, directors are encouraged to attend. The 2009 Annual General Meeting of Shareholders was attended by all of the Company's current directors.

SHAREHOLDER COMMUNICATIONS

Shareholders may send written communications to the Company's Board or to an individual director by mailing such correspondence to the Board or the individual director, as the case may be, c/o LGN Group, LLC, P.O. Properly submitted shareholder communications will, as appropriate, be forwarded to the entire Board or to the individual director. COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Exchange Act and Section 30(h) of the 1940 Act require the Company's directors, officers and persons who beneficially own more than 10 percent of the Company's shares to file reports of ownership of the Company's shares and changes in such ownership on Forms 3, 4, and 5 with the Commission. Such persons are required by SEC regulations to furnish the Company with copies of all such filings. Based solely upon a review of the copies of such forms furnished and except as noted below, the Company does not know of any director, officer or person who beneficially owns more than 10 percent of the Company's shares who, during the Company's last fiscal year, failed to file on a timely basis the required reports. Mr. Pegge did not timely report a change in ownership on two Form 4 filings and Mr. Nardolillo filed a late Form 3.

PROPOSAL 2: RATIFICATION AND APPROVAL OF THE APPOINTMENT OF THE INDEPENDENT AUDITORS AND AUTHORIZATION OF THE AUDIT AND ETHICS COMMITTEE OF THE BOARD TO SET THE AUDITORS' REMUNERATION

In accordance with Section 89 of the Companies Act 1981 of Bermuda, the Company's shareholders have the authority to appoint the Company's independent auditors and to authorize the Audit and Ethics Committee of the Board of Directors to set the auditors' remuneration. The Audit and Ethics Committee has nominated Ernst & Young LLP ("Ernst & Young"), New York, NY, an independent registered public accounting firm, to serve as the Company's independent auditors to audit the accounts of the Company for the fiscal year ending November 30, 2010. The Board, including a majority of Independent Directors, has ratified their nomination and has directed that their selection be submitted to the Company's shareholders for ratification and approval of appointment.

In the opinion of the Audit and Ethics Committee, the services provided by Ernst & Young are compatible with maintaining the independence of the Company's independent registered public accounting firm. Ernst & Young has informed the Company that, in its professional judgment, it is not aware of any relationships between Ernst & Young and the Company that may reasonably be thought to bear on its independence.

A representative of Ernst & Young is expected to be present at the Meeting to respond to appropriate questions and will be given the opportunity to make a statement if he or she desires to do so.

Audit and Non-Audit Fees

Aggregate fees billed by Ernst & Young for professional services rendered to the Company for the fiscal years ended November 30, 2009 and November 30, 2008 are set forth below.

	<u>Fiscal Year 2009</u>	<u>Fiscal Year 2008</u>
Audit Fees	\$99,000	\$94,000
Audit-Related Fees	-0-	-0-
Tax Fees	5,775	5,500
All Other Fees	<u>-0-</u>	<u>-0-</u>
 Total	 <u>\$104,775</u>	 <u>\$99,500</u>

Audit Fees include the aggregate fees billed for professional services rendered by the independent auditors for the audit of the Company's annual financial statements and review of the semi-annual financial statements and services rendered in connection with statutory or regulatory filings, including the annual and semi-annual reports.

Audit-Related Fees include the aggregate fees billed for assurance and related services by the independent auditors that are reasonably related to the performance of the audit or review of the financial statements.

Tax Fees include the aggregate fees billed for professional services rendered by the independent auditors in connection with tax compliance, tax advice and tax planning. The figures for 2009 and 2008 include fees billed for U.S. tax advisory services.

All Other Fees include the aggregate non-audit fees not disclosed above that were billed for projects and services provided by the independent auditors.

The aggregate fees billed by Ernst & Young for non-audit services rendered to the Company for the fiscal years ended November 30, 2009 and November 30, 2008 were \$5,775 and \$5,500, respectively.

Policy on Audit and Ethics Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditors

The Audit and Ethics Committee of the Company has the sole authority to pre-approve all audit and non-audit services to be provided by the independent auditors, subject to the *de minimis* exceptions for non-audit services described in Section 10A(i)(1)B of the Exchange Act which are approved by the Committee prior to the completion of the audit. During the fiscal year ended November 30, 2009, there were no services included in Audit-Related Fees, Tax Fees and All Other Fees that were approved by the Audit and Ethics Committee pursuant to the *de minimis* exception provided in paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X. Any individual project that does not exceed \$25,000 may be pre-approved by the chair of the Audit and Ethics Committee. Any such pre-approval by the chair of the Audit and Ethics Committee must be presented to the full Committee at its next scheduled meeting. Any proposed services exceeding that cost level require specific pre-approval by the Audit and Ethics Committee. Pre-approval of audit and non-audit services shall not be required if the engagement to render the services is entered into pursuant to pre-approved policies and procedures established by the Audit and Ethics Committee, provided the Committee is informed of each such service. The Audit and Ethics Committee has not established such policies and procedures.

Required Vote: The ratification and approval of the appointment of the Company's independent auditors and the authorization for the Audit and Ethics Committee to set the auditors' remuneration requires the affirmative vote of a majority of the votes cast at the Meeting.

The Directors unanimously recommend that you vote FOR proposal 2.

PROPOSAL 3: TO APPROVE A PROPOSAL FOR THE COMPANY, EITHER THROUGH A NEW WHOLLY-OWNED SUBSIDIARY OR DIRECTLY, TO PROVIDE INVESTMENT ADVISORY SERVICES TO OTHERS

As shareholders may recall, the Company initiated a tender offer program in 2008 to address concerns regarding the discount to net asset value at which the Company's Common Shares were trading. As a result of the tender offer program, the Company's net assets have declined very significantly in spite of a strong bull market in gold related investments and the Company's good investment results during the past year. Following a strategic review, the Board believes it would be in the best interests of the Company's shareholders to broaden the asset base managed by the Company. During the last few years, numerous pooled investment products oriented to the broad global resources sector, including the precious minerals sector, have been launched, which indicates significant investor interest in this sector. The Board believes it may be possible for the Company to develop new products in the precious minerals sector that it could manage in a bottom up, fundamental investment style similar to that of the Company. There also may be products developed by others and other accounts that would be suitable for the Company to manage. The Board believes that broadening the asset base managed by the Company would be in the best interests of the Company's shareholders because:

- it would allow the Company to use its investment personnel and facilities to seek to increase the Company's gross revenues and income, thereby enhancing returns for long-term investors;
- it would enhance the Company's ability to retain and attract other highly qualified investment staff;
- expanding the Company's small investment staff would
 - reduce key man risk
 - provide a greater depth of investment management expertise, thereby enhancing the Company's capability to pursue a larger number and variety of global investment opportunities in the precious minerals sector;
- it would mitigate the potential adverse effects on the Company resulting from future decreases in the Company's net assets due to
 - actions (for example, tender offers) taken by the Company to address concerns regarding the discount to net asset value at which the Company's Common Shares trade
 - a bear market for investments in the precious minerals sector.

The Company would not pursue new investment management opportunities that would compete with the Company. The Company proposes to implement this strategy by organizing a wholly-owned investment advisory subsidiary (the "Advisory Subsidiary"). The Company's success in broadening the assets under management would depend, in part, on favorable stock market conditions in the precious minerals sector.

To this end, the Company intends to submit a request to the staff (the “Staff”) of the Division of Investment Management, a division of the Securities and Exchange Commission (the “Commission”) for no-action relief under Section 12(d)(3) of the 1940 Act to permit the Company to establish an Advisory Subsidiary. If the Staff declines to grant no-action relief, the Company may seek exemptive relief from the Commission to allow it to establish an Advisory Subsidiary.

The Company prefers providing investment advisory services to others through an Advisory Subsidiary rather than directly because there may be certain additional risks if the Company provides advisory services directly, including the risk of litigation against the Company (in its role as an investment adviser) and the greater regulatory burdens and operating complexities of operating as both an investment company and an investment adviser. However, if the Company is unable to obtain the relief discussed above to establish an Advisory Subsidiary, the Company may determine to directly provide advisory services to others which requires no relief from the Staff or the Commission.

If the Company forms an Advisory Subsidiary, it will capitalize such subsidiary with an amount of money and assets reasonably necessary to cover the Advisory Subsidiary’s organizational expenses and the Advisory Subsidiary will utilize certain employees and facilities of the Company. Operating expenses attributable to the Advisory Subsidiary will be borne by it. The Advisory Subsidiary will solicit clients that may include registered investment companies, U.S. and non-U.S. unregistered investment companies, and non-investment company clients, such as institutional investors and separate account clients (“Clients”). The Advisory Subsidiary may or may not register as an investment adviser under the Investment Advisers Act of 1940 (the “Advisers Act”). It is expected that, initially, all of the officers and employees of the Company will hold similar positions as officers and employees of the Advisory Subsidiary. Certain members of the Board will become members of the Board of Directors of the Advisory Subsidiary. Net fee income generated by the Advisory Subsidiary, if any, will be periodically distributed in the form of dividends to the Company. These dividend payments will provide income to defray operating expenses of the Company and to augment dividends to the Company’s shareholders. No assurance can be provided that advisory fees to be generated by the Advisory Subsidiary will exceed the Advisory Subsidiary’s operating expenses. The Advisory Subsidiary will not provide investment advisory services to the Company and the Company will continue to be internally managed. The Board will review at least annually the investment advisory business of the Advisory Subsidiary in order to determine whether or not such business should be continued and whether or not the benefits derived by the Company from the Advisory Subsidiary’s business warrant the Company’s continued ownership of the Advisory Subsidiary and, if applicable, approve at least annually such continuation.

If the Company determines to provide investment advisory services directly, it is expected that the Company will utilize certain of its employees and facilities to provide advisory services to the same types of Clients that the Advisory Subsidiary may service. The day-to-day administration of the Company’s investment advisory services to Clients would be the responsibility of the Company’s management, including Mr. Christensen, subject to the oversight of the Board. The Company may or may not register as an investment adviser under the Advisers Act.

Clients to be serviced by the Advisory Subsidiary or the Company may have investment objectives and strategies that are similar to those of the Company. Consequently, certain securities which the Company buys and sells may also be bought and sold for Client accounts managed by the Advisory Subsidiary or the Company. In order to mitigate any potential conflicts of interest, the Advisory Subsidiary and/or the Company will institute procedures to ensure that the purchase and sale of securities for the Company’s investment portfolio and for each Client account managed by the Advisory Subsidiary or the Company are conducted in a manner designed to treat all accounts fairly and not give priority to either the Company’s investment portfolio or to any Client account. This would be accomplished by fixing in advance the number of shares of each security to be bought or sold for all accounts and the number of shares for each account. Purchases and sales would then be allocated daily in the proportions determined in this way. This allocation policy may at times make it somewhat more difficult, in the case

of securities having limited liquidity, for the Company to acquire or dispose of securities. Also, in a rising market it may result in the Company paying more for some of the shares that it desires to purchase and in a declining market it may result in the Company receiving less for some of the shares it desires to sell. The possibly unfavorable results for the Company may be minimized by the policy of investing principally in securities that have a broad market and by the Company's relatively low turnover rate. In addition, the Company does not anticipate purchasing securities issued by any Clients advised by the Advisory Subsidiary or the Company or selling or purchasing securities to or from such Clients.

The investment management business is very competitive and the Company does not know what, if any, Clients the Advisory Subsidiary or the Company will be able to procure or the amount of income the Advisory Subsidiary or the Company may be able to generate by providing investment advisory services. There may be a risk that the added responsibility placed on the Company's current officers and employees may result in a significant burden on the Company's resources as Client accounts grow in number and size. The Board believes that this risk may be mitigated by expansion of the Advisory Subsidiary's or Company's staff as the investment advisory business grows. There may also be certain additional risks if the Company provides investment advisory services directly, including the risk of litigation against the Company (in its role as an investment adviser) and the greater regulatory burdens and operating complexities of operating as both an investment company and an investment adviser.

Required Vote: Approval of an Advisory Subsidiary or the Company providing investment advisory services to others requires the affirmative vote of a majority of the votes cast at the Meeting.

The Directors unanimously recommend that you vote FOR proposal 3.

PROPOSAL 4: TO AMEND THE COMPANY'S MEMORANDUM OF ASSOCIATION TO PERMIT THE COMPANY TO PROVIDE INVESTMENT ADVISORY SERVICES

Currently, Paragraph 6 of the Company's Memorandum of Association provides as follows:

6. The objects for which the Company is formed and incorporated are:

As set forth in paragraphs (b) to (n) and (p) to (u) inclusive of the Second Schedule of the Companies Act 1981.

Paragraph (o) of the Second Schedule of the Companies Act 1981, which is not included in Paragraph 6 of the Company's Memorandum of Association, includes the following objects: "developing, operating, advising or acting as consultants to any other enterprise or business."

Paragraph (o) could be interpreted to include developing an investment advisory subsidiary or providing investment advisory services to others. In order to make clear that the objects of the Company include the provision of investment advisory services to others either directly or through an investment advisory subsidiary organized by the Company, the Board has adopted a resolution to amend Paragraph 6 of the Company's Memorandum of Association as follows:

6. The objects for which the Company is formed and incorporated are:

- (i) As set forth in paragraphs (b) to (n) and (p) to (u) inclusive of the Second Schedule of the Companies Act 1981; and
- (ii) Acting as an investment adviser either directly or through an investment advisory subsidiary organized by the Company.

Required Vote: The amendment to the Company's Memorandum of Association requires the affirmative vote of a majority of the votes cast at the Meeting.

The Directors unanimously recommend that you vote FOR proposal 4.

PROPOSAL 5: TO AMEND THE COMPANY'S FUNDAMENTAL INVESTMENT POLICIES TO PERMIT THE COMPANY TO ACQUIRE SECURITIES ISSUED BY AN INVESTMENT ADVISORY SUBSIDIARY

Currently, the Company has a fundamental investment policy that prohibits it from acquiring any securities issued by investment advisers. In order for the Company to form an Advisory Subsidiary to provide investment advisory services to others, it will be necessary to amend this fundamental investment policy. The Company's fundamental investment policy with respect to "Purchase of Securities Issued by Brokers, Dealers, Underwriters, Investment Advisers and Insurance Companies" is proposed to be amended as follows:

Purchase of Securities Issued by Brokers, Dealers, Underwriters, Investment Advisers and Insurance Companies. It is the policy of the Company not to purchase or otherwise acquire any securities issued by brokers, dealers, underwriters, investment advisers or insurance companies except (i) securities of an investment advisory subsidiary organized by the Company, and (ii), within the limitations imposed by the 1940 Act, any securities issued by insurance companies.

Required Vote: The amendment of the Company's fundamental investment policy with respect to acquisition of securities issued by investment advisers requires the affirmative vote of holders of a majority of the Company's outstanding Common Shares, which under the 1940 Act means the vote of: (1) more than 50% of the outstanding Common Shares of the Company; or (2) 67% or more of the Common Shares of the Company present at the Meeting, if the holders of more than 50% of the outstanding Common Shares are present or represented by proxy at the Meeting, whichever is less.

The Directors unanimously recommend that you vote FOR proposal 5.
